

TECHNICAL CIRCULAR No. 112 of 23rd February 2013

To: All Surveyors/Auditors

Applicable to flag: All Flags

Subject: **SOLAS Survey: Safety Construction Certificate**

Reference: **SOLAS; CONARINA Procedures**

SOLAS SURVEY: Safety Equipment Certificate

Certificate Type: The certificate type is interim or short term.

Country Name: The formal country name to be provided.

Name of Ship: It is to be obtained from the Certificate of Registration issued by the flag state.

Date Build: If a date for "Conversion" is entered, this is the date on which the contract is placed for the conversion, or in the absence of a contract, the date on which the work identifiable with the specific conversion begins.

Type of Ship: The selection is completed as per data in Certificate of Registration issued by the flag state.

Item 3: Provide the dates of the last two inspections of the outside of the ship's bottom. These entries are applicable to both Full Term and Short Term SC certificates. The dates only, and not the survey location, are to be entered

Note: In no case should the period between two consecutive inspections exceed 36 months (SOLAS Reg I/10.a).(v)).

Exemptions: Indicate whether an Exemption Certificate "has" or "has not" been provided. If an Exemption Certificate has been issued, it should be attached to the certificate. Exemption Certificates are issued by the Administration or by CONARINA.

Items 5 and 6: Cross out "was" or "was not" and "is" or "is not", as appropriate.

Validity date; Provide validity date here. Maximum is 5 years from date of initial or renewal survey.

Endorsement: The certificate is to be endorsed upon satisfactory completion of the annual and intermediate surveys.

Dry-docking :Section to be completed upon completion of the dry-docking surveys. A minimum of two inspections of the outside of the ship's bottom during the five-year period of validity of the Cargo Ship Safety Construction Certificate.
