

TECHNICAL CIRCULAR No. 654 of 6th October 2020

To	All Surveyors/Auditors. All flags
Title	Certificate requirements – STCW
Reference	STCW

Certificate requirements – STCW

STCW provisions for recognition of certificates issued by another flag State

Regulation I/10 Recognition of certificates

An Administration may allow a seafarer to serve for a period not exceeding three months on board a ship entitled to fly its flag, while holding an appropriate and valid certificate issued and endorsed as required by another part for use on board that Party's ships but which has not yet been endorsed so as to render it appropriate for service on board ships entitled to fly the flag of the Administration. Document proof shall be readily available that application for an endorsement has been submitted to the Administration. [Reg. I/10.5].

STCW Convention for Certificates and general requirements by rank

- Chapter II: Master and deck department

Regulation II/1 – Mandatory minimum requirements for certification of officers in charge of a navigational watch on ships of 500 gross tonnage or more

Regulation II/2 – Mandatory minimum requirements for certification of masters and chief mates on ships of 500 gross tonnage or more

Regulation II/3 – Mandatory minimum requirements for certification of officers in charge of a navigational watch and for masters on ships of less than 500 gross tonnage engaged on near-coastal voyages

Regulation II/4 – Mandatory minimum requirements for certification of ratings forming part of a navigational watch

Regulation II/5 – Mandatory minimum requirements for certification of ratings as able seafarer deck

- Chapter III: Engine department

Regulation III/1 – Mandatory minimum requirements for certification of officers in charge of an engineering watch in a manned engine-room or as designated duty engineers in a periodically unmanned engine-room

Regulation III/2 – Mandatory minimum requirements for certification of chief engineer officers and second engineer officers on ships powered by main propulsion machinery of 3000 kW propulsion power or more
