

TECHNICAL CIRCULAR No. 676 of 4th April 2021

To	All Surveyors/Auditors. All flags
Title	Remote Survey Notation
Reference	CONARINA Class

Remote Survey Notation of Class

CONARINA will grant Remote Survey notation “RS”, for the vessels to enter class.

Guidelines for Remote Surveys

To provide proper guidance for remote survey CONARINA will provide “Guidelines for Remote Survey”. It will include outcomes of investigations and examination for present standards for remote survey application and ensuring reliability equivalent to conventional witness surveys.

CONARINA’s surveyors will carry out the verification of the ships in line with the approved guidelines. Upon satisfactory completion of examination and survey, CONARINA will issue the class certificate with “RS” notation.

The management company must strengthen the infrastructure for onboard and ship-to-land communication.

The management strengthened points are:

1. Expansion of on-board Wi-Fi which may be installed on living quarters, cargo deck and engine room.
2. Introduction of wireless communication equipment supporting explosion-proof areas.
3. The communication environment with relevant personnel and operational efficiency may be improved by utilizing high-speed broadband communication on a land cellular phone network while docked.
